President's Welcome

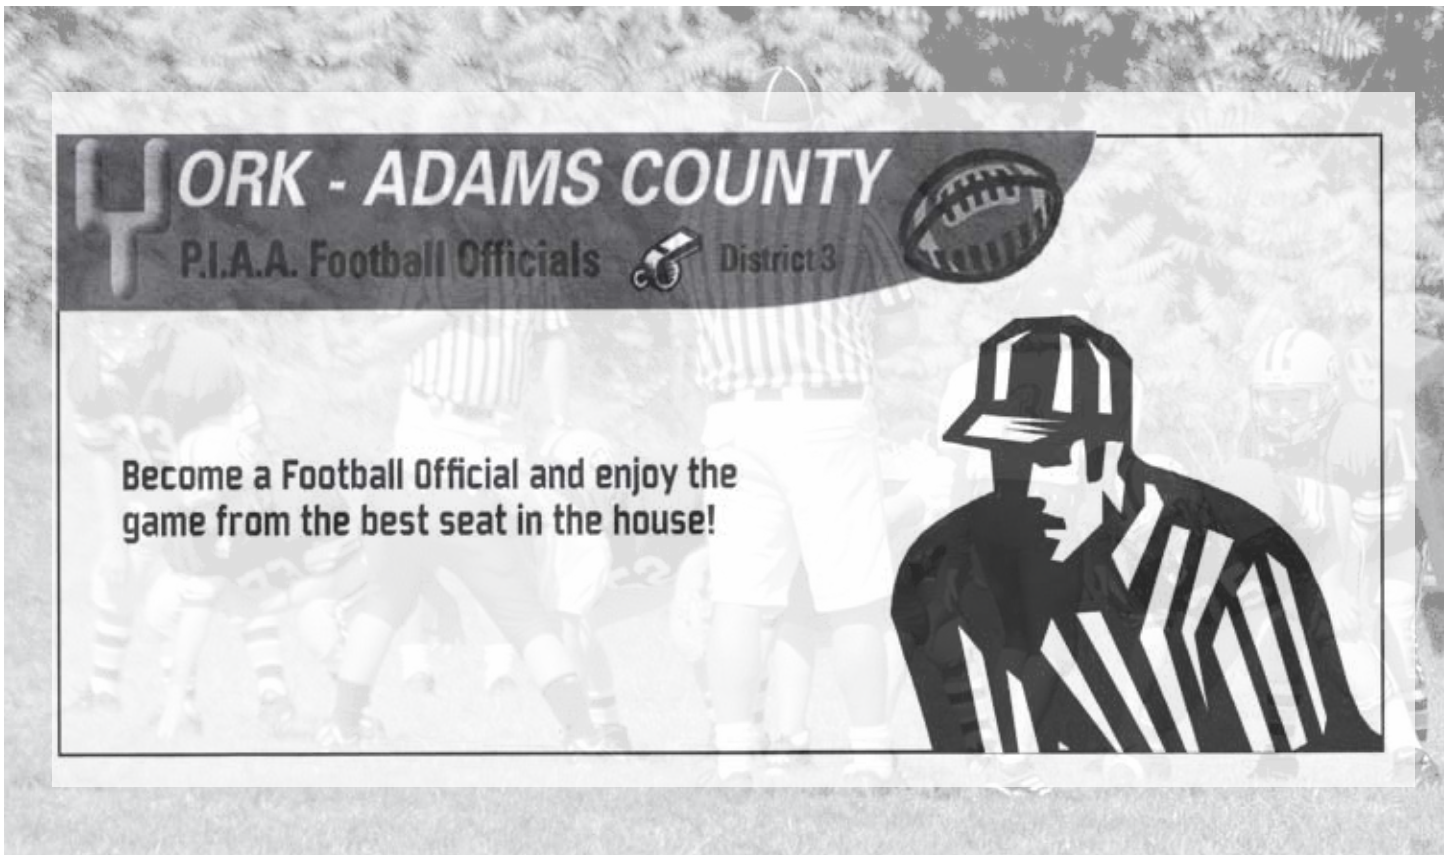

On behalf of the York Adams Elementary Football League and the board of directors, I would like to welcome you to the 2010 season! Inside this guide you will find information about the 19 teams and the more than 1,000 boys and girls that make up what has become one of the most successful youth sports leagues in South Central Pennsylvania.

I would like to start off by welcoming the newest member of our family, Spring Grove Jets, who will be fielding two teams (Blue & White) this year. The dedication to the instruction and mentoring of our youth continues to attract programs from around the area. Welcome Jets!

The YAEFL is a developmental league focused on teaching the fundamentals of football. We place an emphasis on learning new skills in a safe and non competitive environment. We believe it is this foundation which allows every child to meet with success, which will lead to confidence and ultimately to a love of football.

It is our belief that sports can contribute to the wellness of young people in many ways. For that reason we strive to focus on building confidence, teamwork, commitment to hard work and most of all to have fun playing a game that we all love. Of course we are all teachers in our own way, and for that reason we call on all of you to be positive, be supportive, and be present!

Dennis Posey, President
